ENTERPRISE

Headquartered at Foshan known as the ceramic capital in China, HQ Luxury Ceramics is originated from a well-known ceramic enterprise with fifty years of experiences in manufacturing of ceramics and first-class technical strength in the industry, and specialized in the development of the full-body anti-slip wear-resistant ceramic tiles as the leading brand in the field of the full-body ceramic tiles. The products are characterized by the real full-body material, exquisite appearance, elegant style, and diverse applications.

The Company integrates the international forefront philosophy, introduces the world advanced equipment and technologies, and takes its place in the front ranks of the industry in the fields of product research and development, quality monitoring, and marketing strategy, so that the technical indicators pertaining to the product are better than the national and industrial standards. HQ Luxury Ceramics has two major modernized production bases in Foshan and Jiangxi, and also wins the authoritative honors and certifications such as Chinese Environmental Protection Product, ISO9001 Quality Management, ISO14001 Environmental Management, National 3C, and Top 100 Ceramic Brands, Excellence Award of Ceramic Design Competition between China and Italy, Kapok Award Product Design Award of Guangzhou International Design Week, "Annual Excellent Products" of New and Vigorous List, "The Best Hotel and Commercial Space Engineering Decoration Brand Award" of Golden Palace Award, so as to provide the powerful guarantee for the supply of the high-quality products and the upgrading and promotion of the brands. The company cooperates with multiple universities, and the research and development task under the cooperation with Jingdezhen Ceramic Institute is included in the "national hi-tech research and development program" made by the Ministry of Science and Technology (Plan 863). In 2017, HQ's large size full-body granite tiles have passed the expertise appraisal and been recognized as "domestic leading".

Depending on the innovative and high-efficient professional team and the marketing network, the Company manufactures the products well known at home and abroad, which are sold to more than one hundred countries and regions in Europe, America, Australia, Africa, Middle East, and Southeast Asia, and used in the famous projects such as Wanda Square, Shangri-la Hotel, Yunan Ruile Golf Villa, McDonalds, Hai Di Lao Hot Pot, BMW/BENZ/AUDI/Land Rover 4S Stores, so as to provide the consumers with high-quality products and services as well as the spatial solutions, leading the trend of the architectural decoration.
